

## Rachel Hunt

Research Manager, European Banking, Financial Insights

Rachel Hunt is the research manager for Financial Insights European Banking practice, covering all corporate and consumer oriented financial products and their underlying technology solutions in Europe, the Middle East and Africa.

### **Industry Expertise**

With nearly ten years experience in the financial services technology industry both in the UK and France, Hunt's experience ranges from outsourcing to core systems transformation, through to regulatory and technological issues impacting banks in Europe today. She can provide strategic advice and support on a number of issues around the integration of delivery channels, core systems, customer information and payments.

### **Background**

Prior to joining Financial Insights, Hunt was for a number of years global research manager for TEMENOS, a core systems vendor and prior to this at Perot System's financial services division, where she advised on the go-to-market strategy in the banking industry. She also worked at the Société Bordelaise de CIC in France and in a number of research consultancy organizations.

### **Education and Industry Affiliations**

Hunt has a Masters (with honors) in International Trade and Banking Services from the University of Bordeaux as well as a Bachelor of Arts from the University of Paris XXII.
